

2020 Nick Harkins Memorial Scholarship Application

Diversity Issues

The Piddington family is sponsoring a scholarship to honor the memory of Nick Harkins, who passed away in October 2013 due to a very rare and deadly brain disease called PML. Nick lived his short life to the fullest, embracing it with gusto, love, and an infectious laugh. He was truly “one of a kind” and stood up proudly for what he believed. Hopefully this scholarship in his memory will remind others that even if you walk a different path than the majority, you are not walking alone. Entries must focus on any theme related to diversity, equity and/or inclusion. May be descriptive and/or issue orientated and may be of any genre.
